

POSITIVE CASH FLOW

*We have a solution
for your RTO Business*

AN OLD INDUSTRY PROBLEM:

Traditional inventory terms or floor plan programs require a payback within 90 days.

- ▶ *RTO Store purchases a \$1000 furniture package and rents it out for \$167/month over 24 months*
- ▶ *They collect \$500 in the first 90 days*
- ▶ *Floor plan is paid off*
- ▶ *RTO Store has created a negative cash flow of \$500*
- ▶ *Transaction will take the RTO Store 7 months to reach a positive cash flow (more if markup is less than 4x!)*

A NEW INDUSTRY SOLUTION:

Lynnray Financial Corporation offers 24 month payback on inventory financing.

- ▶ *RTO Store uses LFC's 24 Month Program*
- ▶ *RTO Store pays \$47/month to LFC (for 24 months) while collecting \$167/month*

With our program, you're able to align payables with receipts, so income is always in a positive mode! Using LFC for three months of inventory financing allows contract income to build up cash position.

Lynnray Financial Corporation can approve up to \$100,000 on an application-only basis.

Approval process takes about 3 days. Fill out the attached application and ease your cash flow problems today!

We can approve larger amounts with financial statements.

Call Bill Lassiter for more information.
